Odie joined Katagnik Ranch and the Dennison's the spring of 2017. Little did we know the impact he would have in our lives. Odie opened our eyes to a whole new world of crazy PBGVs. We have enjoyed him so much that we have since added two more to our home. Odie has quite a following in Alaska. He lets it be known when he's "In the house". He's been a great challenge, but has stepped up to the plate with everything I have requested of him. 2 years ago he even entered the Juniors ring with my granddaughter and was awesome!

Hazel joined Katagnik Ranch in December of 2018. While we already had Odie our first PBGV, Hazel was a welcome addition. Unlike Odie, Hazel has an excellent recall! She loves to perform tricks and compete in Rally and Obedience. She's so smart sometimes it scares us .Hazel reinstated my faith that a scent hound can listen, take direction, and compete in performance events easily. Hazel loves everyone and has a great love for puppies!
