Doobie is making his second appearance in the Top 20 and we are so proud of this boy who is only three years old. After the strange 2020 dog show season where he was only shown a couple of times, we are hoping to get him out more in 2021. Doobie is easy in the ring, knowing what to do and always giving his best. His temperament is the perfect representation of the breed - sensitive, kind-hearted and incredibly loving, wrapped up in a healthy dose of mischief. We look forward to watching him mature.
