The standard calls for a happy hound and no question that Monkey personifies that quality to a "T". A Joy to live with and a joy to show, he brings a smile to all.

The youngest all breed Best in Show winner in the history of US PBGVs he did this under a breeder judge. He is already a multiple specialty Best in Show winner under various different breeder judges.

2020 was a great year with Monkey winning Best of Breed at Westminster and still remained in the top 10 PBGVs with only 3 months of showing.
