Being a multiple group winner and tiled hunter is only the by-product of what makes nickers so special to me. For me, Snickers is the ultimate all-around PBGV. Embodying the true essence of the breed, he is a driven hunter, incredibly bright problem solver, Starbucks co-pilot, terminally cheerful house clown. One of the smartest dogs I've ever known, Snickers has humbled me many times, making me a better dog person for it. In the end, the ribbons are special and fun, but the real joy is knowing that I get to take him home and snuggle at the end of the day.
